Vibrant America

Vibrant America is an out of network lab offering both traditional and innovative testing options in the areas of immune issues from allergies to autoimmune issues, cardiovascular disease, hormonal issues and woman's health. They also offer specialized testing for vitamin and nutrient deficiencies.

To specifically look at their testing of autoimmune markers please click the following:

Mixed Connective Tissue Disorder and Celiac

For specialized cardiovascular testing click the following:
Cardiovascular

For more information regarding their comprehensive Micronutrient Analysis of vitamin and nutrient deficiencies click the following:
Vitamin and Nutrient Deficiency Markers

Food Allergen Panel **Inhalant Allergen Panel**

Vibrant America is an out-of-pocket lab. Please check with our Patient Advocate regarding their pricing. We have found their prices to be very reasonable.
